

K-12+ Career Exploration Resources with Real Stories

Edge Factor equips educators with the largest library of career-focused multimedia, designed to inspire K-12 students to explore, prepare, and connect on their career journeys.

Your school enjoys a premium Edge Factor membership, giving all educators and students access to 5500+ career exploration resources that use the power of storytelling! These include real-life career videos filmed in Arizona and beyond, interactive activities, digital badges, toolkits, and lesson plans for educators. Log in via Clever or directly at [EdgeFactor.com](https://edgefactor.com) to play and share career readiness tools with your students today.

3 ways Educators use Edge Factor:

1. **INFUSE CAREERS:** Play media and use lesson plans in-class or assign student activities.
2. **GUIDE PERSONALIZED JOURNEYS:** Get grade 6-12 students to complete their interest-assessment and a gamified journey to explore careers, develop skills, and earn badges that match their interests.
3. **SHOWCASE INDUSTRIES:** Highlight industry-specific careers, skills, and badges.
